

# "FLOOR GUARD" GARAGE MAT

PROTECT YOUR INVESTMENTS, PROTECT YOUR FLOOR

## Features:

"Guard" the mess in your garage by containing the slush and snow and more importantly the salt that can cause extensive damage to your concrete floors and wooden framed structures.

"Guard" the floor from mud, oil, grease, antifreeze and debris drippings that fall from a vehicle.

"Guard" the value of important items in your garage. Such as boxes, equipment and tools that your garage contains.

"Guard" moisture from seeping into your walls in the garage which can create mold and other complications.

## Liquid Capacity -

7'6" x 18'6", 62 IMP Gallons &

7'6" x 21', 70 IMP Gallons

## One Year Warranty

Sizes Available:

7'6" x 18'6" (Car & Van)

7'6" x 21' (Truck)

*Note: No studded tires allowed on the mat.*

## Construction

Mats are constructed from a 32 oz per square yard anti-skid vinyl coated nylon.

Raised edges (1") consist of an

ethafoam barrier heat-sealed all the way around the mat. Mats are 100% waterproof and UV treated. Material used is rated from -40 degrees Celsius to +40 degrees Celsius.

## Installation

Clean garage floor first by sweeping away any debris.

Remove from package. (If knife or scissors are used, be careful not to damage mat.)

Place mat in the middle of the garage floor and roll out from end of the garage.

Allow a couple of minutes for mat to take its shape on floor. Once centred where parking, just park vehicle on the mat.

Due to packaging of the

**The "Slush Season" has arrived!**

"Floor Guard" Garage Mat, wrinkles are common and most will dissipate over time.

## Cleaning Instructions

"Floor Guard" garage mats are easily cleaned by using a wet or dry vac, broom, squeegee or garden hose.

Another method is by completely overturning the mat and emptying contents outside. Once cleaned, the mat can be used for parking on again.
